COMPANY
OF THE YEAR

AGRI BUSINESS REVIEW AWARDS

Welcome to ALZ-Agro, a group of Argentine companies with a solid track record, creating value and providing integral solutions for the entire agro-industrial chain since 2007.

We are firmly established in the local market and have an ambitious regional projection.

Our business units offer products and services with state-of-the-art technology and the highest quality.

In terms of environmental protection, our company stands out for contributing to the development of environmentally friendly alternatives. This commitment has earned us recognition as the most innovative company in sustainable agriculture in Latin America.

The award, given by the prestigious publication Agri Business Review, underscores our leadership in the application of innovative solutions, especially in the field of animal nutrition.

ALZ-Agro also engages in social responsibility actions. We work actively in collaboration with Fundación 4 Vientos in Rosario, province of Santa Fe, and with Fundación Juguemos y Caminemos Juntos, in Pilar, province of Buenos Aires.

Welcome to the ALZ-Agro world! A team of more than 145 men and women, alongside a sales network of 300 dealers, all working passionately and tirelessly... IN ALL FIELDS.

OFFICE BUILDING RESTORED TO ENVIRONMENTALLY
FRIENDLY STANDARDS

CASA ALZ-CENSI OUR HOUSE

An entirely refurbished and modernized building from the early 1900s will house ALZ-Agro's administrative and commercial office as of 2025.

This is an ambitious project that reflects the growth of all the group's companies.

Past, present and future merge in a building catalogued as architectural heritage of the city of Rosario. The building's façade is being refurbished down to the smallest detail. Casa ALZ-Censi is located on a landmark corner of downtown Rosario.

We offer farmers a comprehensive line of corn, sunflower, soybean, sorghum and rapeseed.
Our seeds excel for their high genetic quality and for the integration of the latest biotechnological advances.
We develop the Nord® brand and market its entire portfolio, adding the innovation of PowerCore technologies.

CORN

SUNFLOWER

SOYBEAN

Recently launched, ALZ-Agro Sorghum features the exclusive Sprotect technology, a next-generation protection in response to the various threats this crop faces.

PRODUCTION AND SERVICES

One of the business units recently integrated into ALZ-Agro is Production and Services, focusing on the processing and classification of corn, sunflower, sorghum, soybean and other seeds, including specialties (popcorn, peas, etc.).

In addition, its facility in Rojas, province of Buenos Aires, provides treatment, bagging, storage, logistics and cargo consolidation export services. An integral solution for seedbeds.

ALZ  PROYSER

MARKETS

We have been protecting the assets of those who trust us for more than a decade. We operate transparently and safely and, as a result of our technology investment program, we optimize processes. We analyze markets and their projections to identify and suggest opportunities. We collaborate in the commercialization, storage and logistics of products.

We provide a premium quality grain brokerage service, with fair prices, financial strategies and hedging to ensure and enhance profits. Our expertise enables us to provide advice and financing to make the right decisions in the challenging world of agribusiness.

Our services at ALZ-Mercados deliver administrative excellence and the highest level of security.

MUTUAL GUARANTEE SOCIETY (SGR)

We are the first Mutual Guarantee Society created in the province of Santa Fe. We offer the best financing alternatives to boost the growth of SMEs, and provide a wide range of guarantees to agricultural, industrial, commercial and service companies throughout the country. We have specific solutions and products for all our clients: participating members, protecting members and investors.

QIRA

STRAIGHT TO YOUR FIELD

QIRA'S GOAL IS TO INTEGRATE THE ENTIRE AGRICULTURAL CHAIN INTO THE DIGITAL AGE.

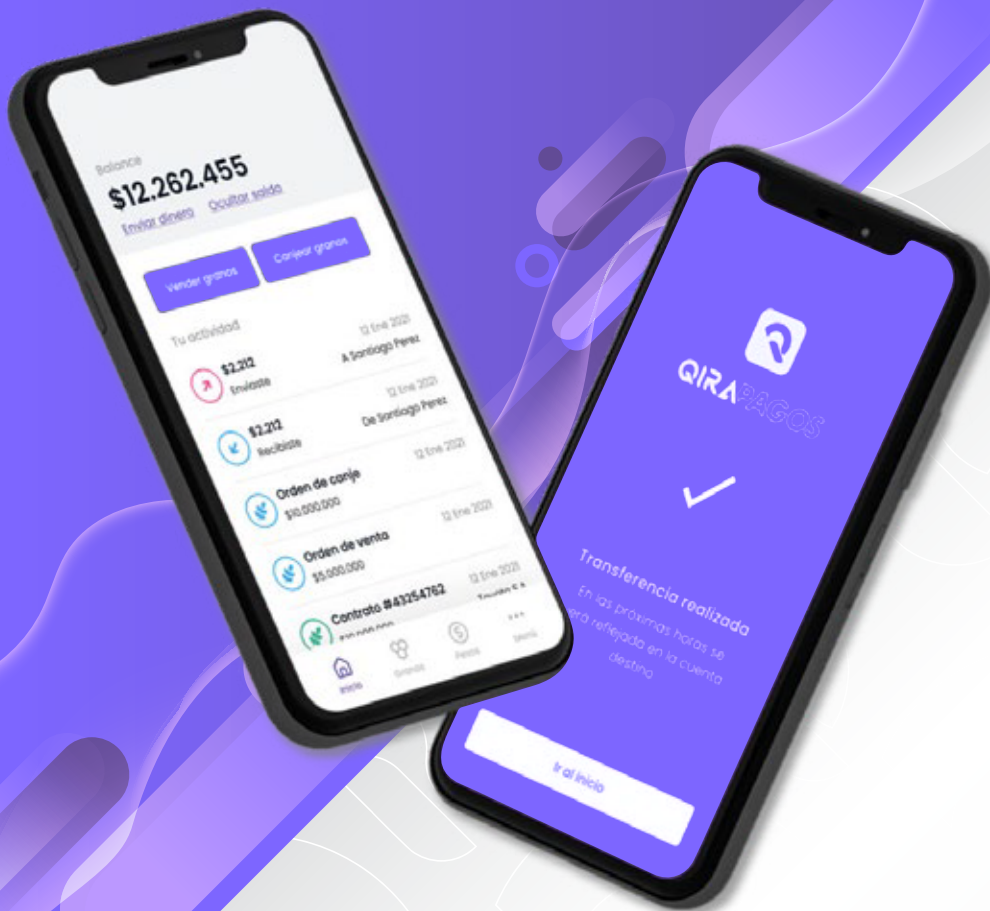

QIRA is the ultimate agribusiness marketplace, the first fully online platform for buying and selling agricultural inputs.

Unique in the agricultural market, it is an innovative initiative featuring easy, agile and clear commercial transactions, allowing orders to be picked up at any of the strategically located QIRA Points or to be received directly in the field.

It consists of fourteen categories with quality products and services, in addition to the new **Official Stores** section, with leading brands to evaluate and purchase directly from the factory or from authorized dealers, with exclusive benefits.

With QIRA, farmers can plan and make agricultural input purchases from the telephone, with prices at a glance, special discounts and the best financing options

QIRAPAGOS

Farmers' wallet

An innovative app. The best financial tool in the agribusiness world, with no maintenance costs, QIRA Pagos allows farmers to carry out transactions and manage grains, access credit and exclusive financing, entirely online.

A 24/7 solution to sell, buy, exchange and transfer in a simple, fast and safe manner.

Also available in a webapp version for computers, as an ideal administrative solution for corporate clients. Hand in hand with QIRA and QIRA Pagos, ALZ-Agro enters the AgTech world and moves steadily forward in the digital world without neglecting the traditional values of the field.
